## Grid - View 3

The Grid view can be called directly with the 💷 key. This view is also called Multi-EPG.

In this view, the EPG is displayed graphically and is intended to provide an overview of the programs are currently running and those that will be broadcast on the various stations.

Current or planned recordings are indicated by a red bar above the event. The bar also shows the pre and post padding. A button can be set in the setup menu item "Key for the Grid". By default, channels that were selected in the setup menu item "Select bouquet" for scanning or to be displayed are available.
